

# Amani Jaber

Head of Tax Analysis Division, Studies and Economic Policies Directorate

With over 15 years of public sector experience with the Jordanian Ministry of Finance, ranging from Economic Researcher to Head of Tax Analysis Division in the Studies and Economic Policies Directorate, where I've played various roles and participated in many events for the IMF, AMF, USAID, and GTZ, I've also been an active team leader and member in many initiatives such as the MTFF development and preparation, Revenues Models development and preparation, Macro-model development and preparation, economic studies in collaboration with USAID and GIZ. In addition, I was in charge of the Executive Program of the Government's Plan as the Liaison Officer. I'm a seasoned Economist with extensive knowledge and expertise in a wide range of skills and techniques that would qualify me to help make a difference and bring value to any economic or financial initiatives and projects.

## WORK EXPERIENCE

### Head of Tax Analysis Division, Studies and Economic Policies Directorate

MOF

04/2018 - Present

Amman, Jordan

#### Key Roles and duties

- Managing a team of five economic researchers, delivering fiscal studies services to ministry policymakers (H.E minister and secretary general), devising methodologies for estimating tax expenditures, and following up on fiscal reform initiatives with the IMF and steering committees.
- Developing a medium-term government revenue and financial planning estimation framework.
- Participating in the development and preparation of government spending priorities based on cash flows, develop and monitor budget performance indicators for medium-term Ministry of Finance projects.
- Monitoring the execution of the government's executive program in respect to medium-term Ministry of Finance initiatives.
- Along with the administrative responsibilities associated with my role, the following are highlights of the key deliverables that I've either prepared and developed, monitored, and/or contributed to its development and preparation: Tax Expenditure Reports, Public Revenue Policy, Medium Term Financial Framework MTFF, Macro-Models, Revenue Models, National economy research, studies, assumptions, and recommendations, Studies of the financial impact effect of the economic decisions taken about public revenues, Presentations for H.E Minister and Secretary general about public finance and Fulfilling IMF requirements.

### Economic Researcher, Financial Policy Analysis Division, Studies and Economic Policies Directorate

MOF

03/2007 - 04/2018

Amman, Jordan

I have completed various courses relating to modeling, simulation, public finance management, and financial analysis utilizing Excel and E-views through MOF and other international organizations such as the IMF, USIAD, WB, and AMF as part of my self-development strategy. This qualified me to excel and participate in the preparation of many economic initiatives and studies, as a member of the macroeconomic model and revenue model teams, and as a member of many government committees concerned with providing views and recommendations on the calculated financial impact of government decisions.

#### Key Roles and duties

- Evaluating studies, data and statistics, and reports on the national economy.
- Preparing periodic reports on the most significant changes in economic statistics.
- Developing studies and researches on national economic changes, providing assumptions and recommendations.
- Preparing economic relationship reports on country level.
- Preparing variety of reports and updating revenue models.
- Improving the macro model and contributing to prepare the Macro-Models and MTFF.
